

Petition for District Attorney's Review of
Denial of Production of Public Records and
Denial of Waiver of Fees

November 13, 2023

I, Denise Krause, the undersigned, request Beth Heckert, District Attorney of Jackson County, Oregon, to order Jackson County and its employees to produce the following public records and to waive all associated fees:

Annual salary data for each County Commissioner from 1975 to present at the beginning of each fiscal year.

I initially asked for these records on August 30, 2023 (see Attachment 1 to the attached Memorandum). My request was effectively denied by a demand that I pay an unreasonable and unauthorized fee, and my requests for a waiver of this fee were subsequently denied, by:

Danny Jordan, County Administrator
(Administrative Policy #1-49 provides:
Pursuant to Board Order No. 22-18, the County Administrator shall make all determinations for a request for a waiver or reduction pursuant to ORS 192.)

Joel C. Benton, Senior Deputy County Administrator/County Counsel

Lisa Valencia, Recruitment Specialist, Human Resources

Factual details and analysis supporting this Petition are in the attached Memorandum.

Sincerely,

Denise Krause
